

Pumpkin Pile Quilt Supply List

Large Wall Quilt
64 x 63 inches

Pumpkin Pile Quilt Yardage Amounts

Note: Amounts are generous

	Table Runner 20 x 70 inches	Small Wall Quilt 42 x 56 inches	Large Wall Quilt 64 x 63 inches
Pumpkin and Leaves	1/4 yard of 3 or more different fabrics OR 4 - 6 Fat Quarters	1/4 yard of 10 or more different fabrics OR 12 - 16 Fat Quarters	1/3 yard of 12 or more different fabrics OR 16 - 20 Fat Quarters
Note: the more variety of fabrics the more interesting your quilt will be			
Stem Fabric	1 - Fat Quarter	1/4 yard	1/4 yard
Background & Inner Border	1 yard	1 1/2 yards	2 1/2 yards
Outer Border	3/4 yard	3/4 yard	1 yard
Binding	3/4 yard	3/4 yard	1 yard
Backing Fabric 40 inches wide Vertical seam	2 1/4 yards	3 3/4 yards	4 yards

Pumpkin Pile Quilt Supply List

Other things you will need to complete the class project:

Temporary basting spray, any brand will work

Piecing: You will need basic sewing supplies and basic sewing/quilting skills to piece the quilt top.

Thread: Use what ever type of thread you and your machine are comfortable working with. Use as many colors of threads as you want on this quilt. Because this is a "nature inspired" quilt, I used threads, especially variegated threads, that complimented my fabrics.

Piecing Template Plastic:

We will be making a quilting template for this project. You will need a piece of Piecing Plastic Template, or similar material, that is about 5 x 7 inches.

I prefer the **Dritz Heavy Duty Piecing Template Plastic**, which is available at most quilting and "big box" fabric store.

Quilting: The quilting is all done **free hand**.

If you would like to practice your quilting before stitching, I **HIGHLY RECOMMEND** that you get a piece of clear Plexiglas that will fit in the workspace of your quilting machine. (Plexiglas of this size should be about \$10 or less.)

Before using the Plexiglas, take either masking or duct tape (which now comes in many different colors) and place it over the cut edges of your piece of the Plexiglas. The tape serves two purposes. 1) It protects the edges of the Plexiglas. Sometimes the edges can be a little sharp and could scratch you or tear the quilt. 2) The tape will also make a boundary or edge around the Plexiglas. This will prevent you from drawing off the edge of the Plexiglas.

You will then use markers - I recommend the **Vis-a-Vis** markers, available at all "big box" office supply stores, for marking on the Plexiglas. (Note: the Vis-a-Vis markers usually have 4 in a package and cost less than \$10.) The marker is removed using a damp paper towel.

For marking on Plexiglas on top of dark fabric, I have found that the **Expo Bright Markers** work very well.

Both of these markers can be purchased in major office supply stores such as Staples, Office Depot, Office Max, etc. They can also be purchased online.

REMEMBER this is a LEARNING project! This project does not need to be perfect. World peace does not depend on perfect piecing or perfect quilting!!
