

Feather Sampler Quilt

12 inch diameter Feather Guide

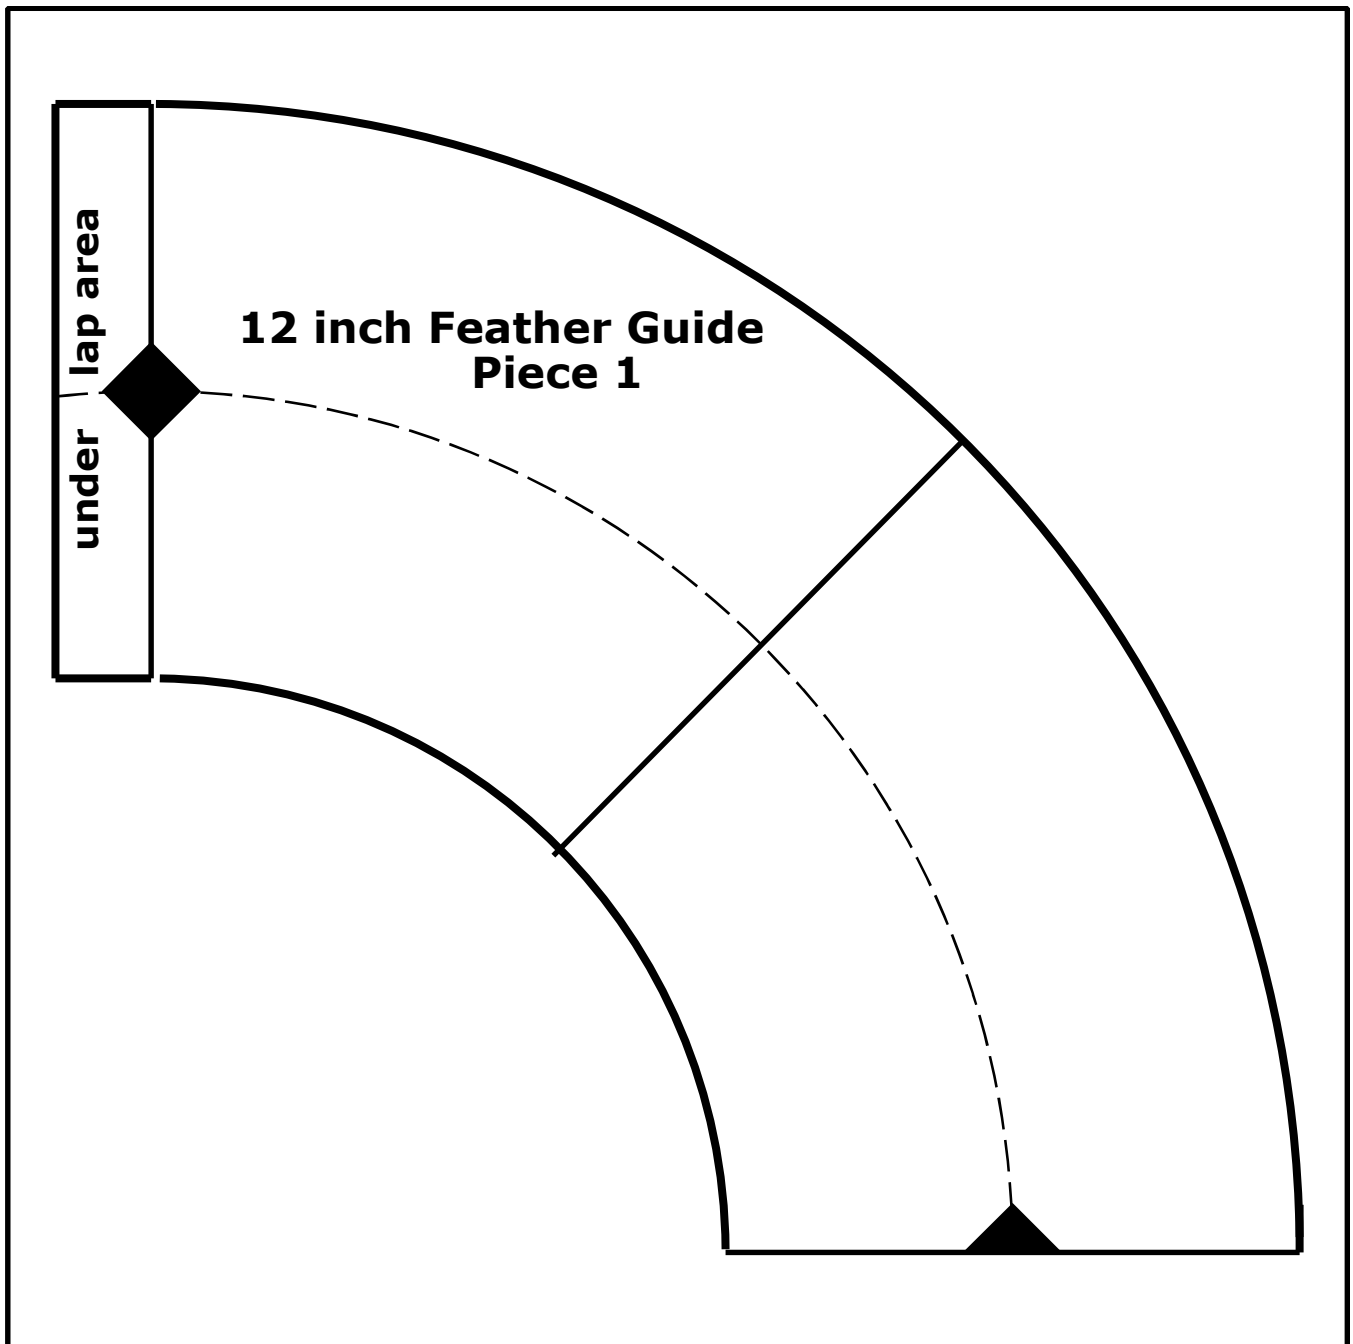

Piece 1

Print 1 test copy. **The outside squares MUST measure 7 inches square.**

If the outside square does NOT measure 7 inches, adjust your printing controls or "print scale".

Note: The outside circle is **12 inches in diameter**, the inside circle is **6 inches in diameter**.

See Page 3 for instructions.

Feather Sampler Quilt

12 inch diameter Feather Guide

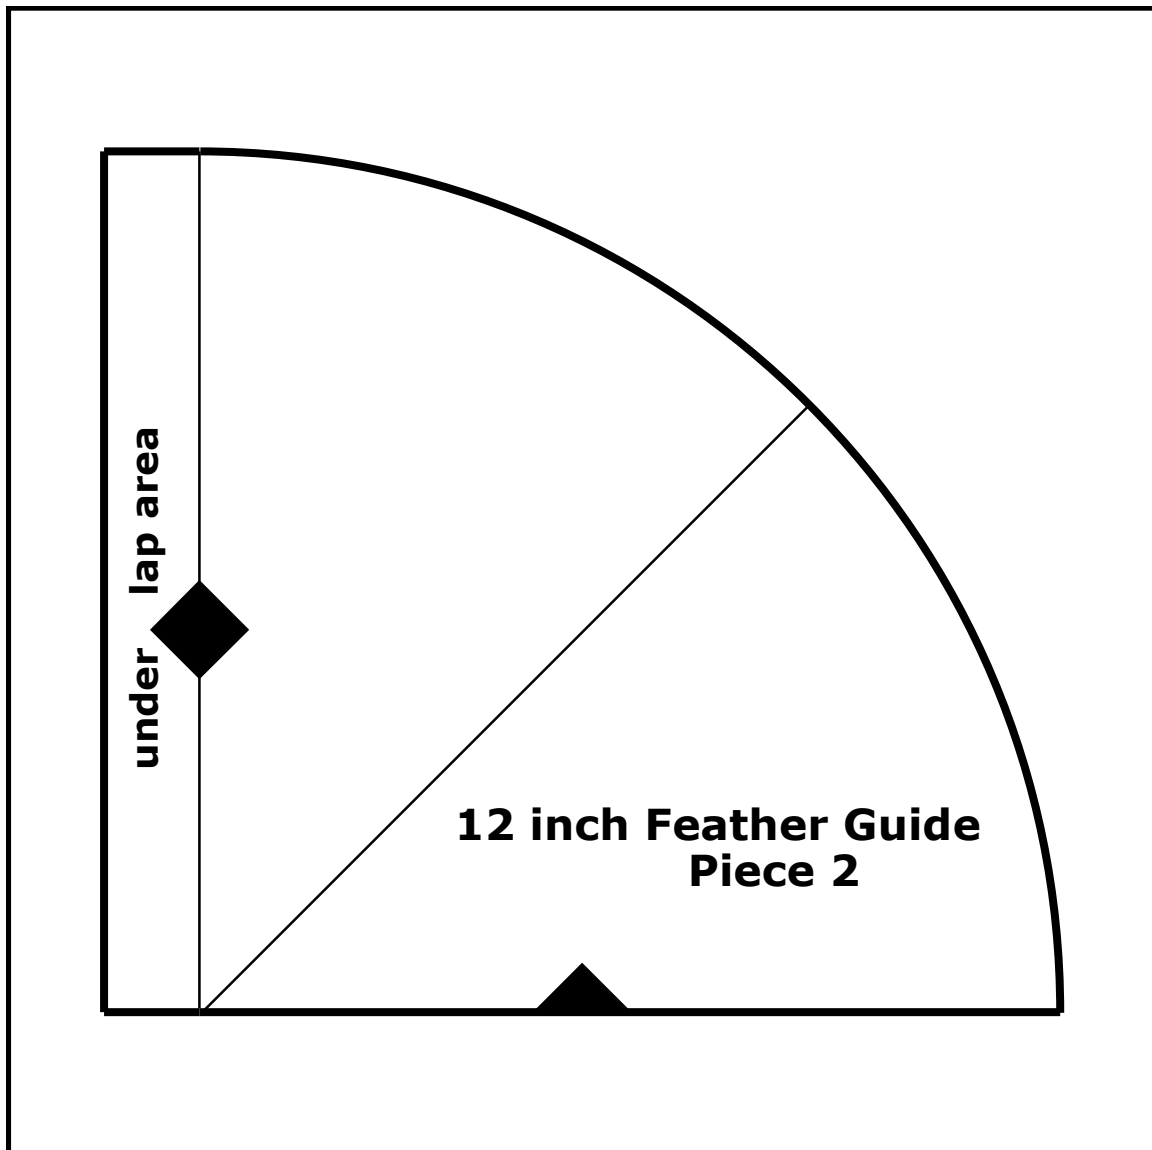

Piece 2

Print 1 test copy. **The outside squares MUST measure 6 inches square.**

If the outside square does NOT measure 6 inches, adjust your printing controls or "print scale".

Note: This circle is **9 inches** in diameter.

See Page 3 for instructions.

Feather Sampler Quilt

12 inch diameter Feather Guide

Instructions

If you are making the quilting templates from a **LARGE** (12 inch square minimum) piece of piecing template plastic -

- Print **FOUR** (4) copies of Page 1 of the 12 inch Feather Guide Template, Piece 1 and **FOUR** (4) copies of Page 2 of the 12 inch Feather Guide Template, Piece #2.
- Cut along the solid dark edges of each copy. Tape the paper pieces together matching notches to make the pattern.
- Place the pattern under a piece of translucent piecing plastic and transfer all markings preferably with a permanent marker.
- Make only **ONE** plastic template from **each** pattern piece.
- Cut the pattern out of the piecing plastic. Label as 12 inch diameter Feather Guide - Piece 1 and Piece 2.

If you are making the quilting templates from **8-1/2 x 11 inch** pieces of piecing template plastic -

- Print **ONE** (1) copy of Page 1 of the 12 inch Feather Guide Template, Piece 1 and **ONE** (1) copy of Page 2 of the 12 inch Feather Guide Template, Piece 2.
- Place an 8-1/2 x 11 piece of the template plastic on top of the printed page and copy / draw the pattern piece onto the plastic. You should be able to copy / draw 2 pattern pieces on each sheet of template plastic.
- Cut the pattern pieces out of the piecing plastic template material.
- Tape these pieces together to form the pattern piece. To make this piece more stable, place tape on the "seams" on the back of each pattern piece.
- Label as 12 inch diameter Feather Guide - Piece 1 and Piece 2.
