Free Hand Sampler

This is an **all day class** from about 9 am - 5 pm

Free hand designs are fun and easy to do and will give your quilting a very "custom" look. This class, which is a combination of lecture, drawing and hands on, you will work on a quilting sampler using **MANY** different free hand patterns, including different stippling, fill-in, texture and line patterns. We will also discuss and create "overall" free hand patterns. There will be plenty of time for questions, answers and networking.

The basis of this class is the book **Free Hand Sampler** by Cindy Roth and the **online class**, <https://longarmclassroom.com/FHSampler-Non/FHSampler-Info.html>
Each person attending this class receives a copy of this book, the laminated drawing sheets **AND** one year access to the online class!!

To view photos of patterns from the **Free Hand Sampler** book and **Free Hand Sampler V-2** online class

Free Hand Feathers

This is an **all day class** from about 9 am - 5 pm

Everyone loves feathers! But feathers, although beautiful, can sometimes be the "problem child" of the quilting world. In this one day class you will learn about all types of feathers. You will learn how to make the basic feather shape and then take it and make it "work" for you! Not only will you learn the basics of making feathers, you will also learn how to make the "More Bang for the Buck" feather, Swirled Feathers, Feathered Wreaths, many different Feather Borders, All Over Free Hand Feathers, background fill-in feathers and much more! You will be seeing feathers in your sleep and making beautiful and easy feathers on your quilts. Lunch, soft drinks and snacks will be provided.

NOTE: If you quilt for others, you **NEED** to know how to quilt feathers! Feathers are the "cash cow" in a quilting business. I will show you my tips and tricks for making feathers that look good and fill spaces. With feathers, quilts can be finished quickly, which means more \$\$\$ for you, and the quilts look great which makes for HAPPY CUSTOMERS!!
